

You're invited to create your Partner Profile in our new interactive system!

Why launch this new system? OCPS values your time as well as your partnership. This new system allows you to manage your relationships with all your OCPS partners from one, convenient dashboard.

- Sign up with just the click of your mouse
- View a calendar of all activities
- Track your organization's total service hours
- No more cumbersome paperwork!

**Partners
IN EDUCATION**

Become a Partner in Education

School: Your Partner School

The Partners in Education program links businesses and organizations with schools to share resources, both in people and materials. Each flourishes from the support and prosperity of the other. Schools must prepare today's students for their entry into a diverse, competitive work force. When businesses take part in the education of these young people, they help strengthen the work force of the future. The Partners in Education program is vital in helping the community and the school system work and grow together.

By signing up for this opportunity, you are saying that your organization is interested in working with our school or department. A Partners in Education Coordinator at this school or department will contact you.
